Supplementary Figures

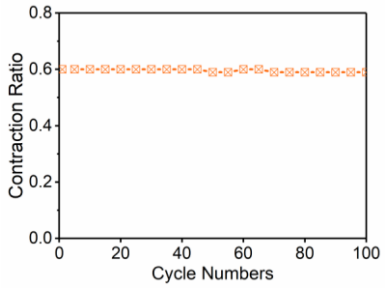

Figure S1. Cycle test of the contraction deformation performance.

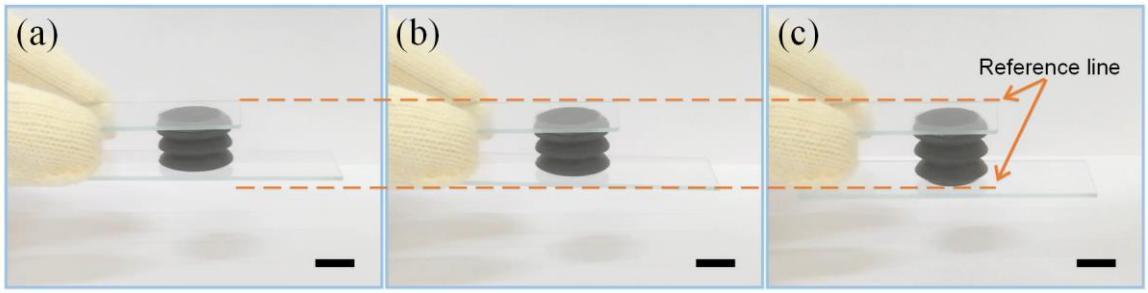

Figure S2. (a-c) Digital images of the deformation process with the air leakage. (Scale bar: 10 mm)

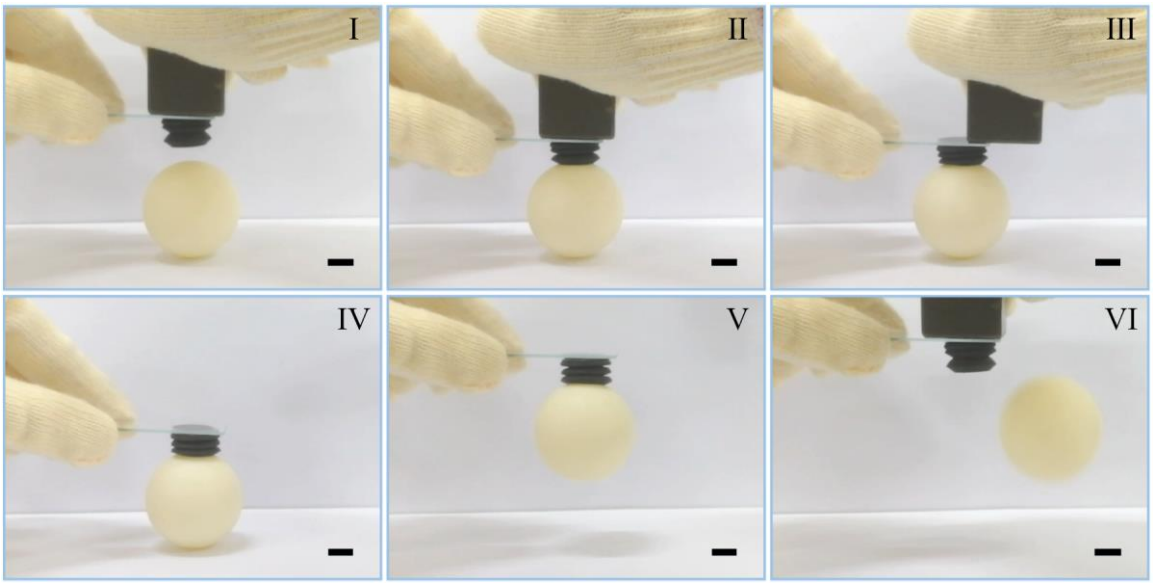

Figure S3. Snapshots of sequential grasping and releasing the table tennis with sucker actuator. (Scale bar: 10 mm)

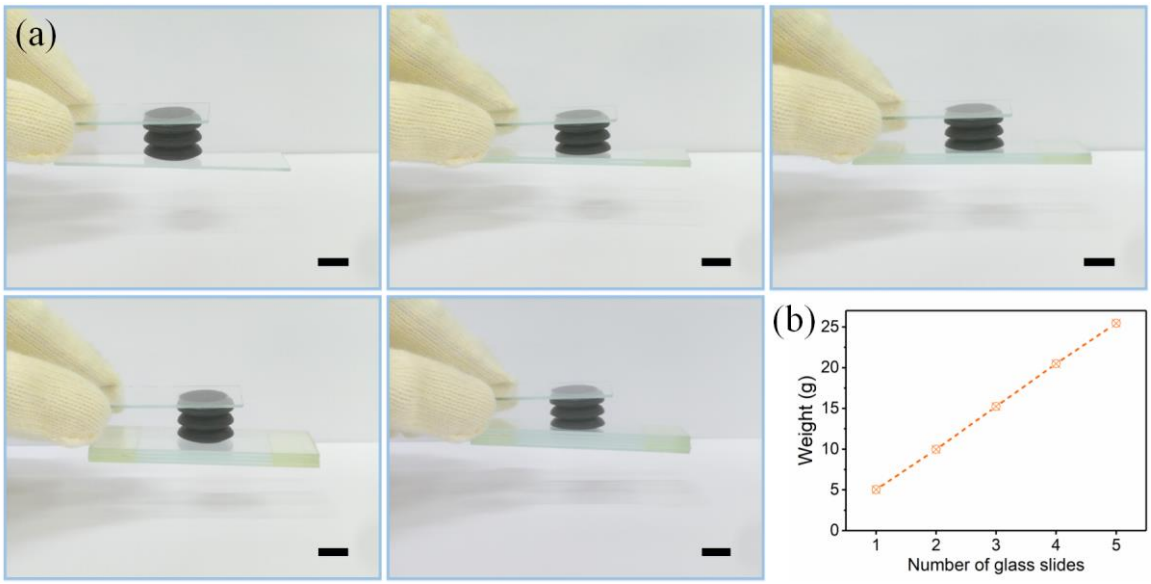

Figure S4. (a) Digital images of grasping the glass slides (Scale bar: 10 mm). (b) The weight versus the number of glass slides.
